

## Serious Immune Support\*

# Oncaplex™

Dietary Supplement

Serious, Broad-Spectrum Support for Complex Immune Concerns\*

## Key Benefits

- Extraordinary Immune-Specific Upregulation and Cleansing
- Supports DNA Rejuvenation\*
- Proven immune support for brain, liver, prostate, breast and other key organs\*
- Broad-spectrum immune complexes that support all liver detoxification pathways (Phase I, II, and III)\*
- Supports the broadest range of host immune response\*
- Provides a broader range of immune-support benefits than any single nutrient\*
- Optimal cleansing, detoxification and nutritional support of all major detox organs of the body\*

## Welcome to Superior Immune System Support

**Oncaplex™** has been formulated as a time-proven, synergistic combination of premier, immune-specific nutrients to provide quantum-state nutritional support for the immune system.\* When the immune system is amply supplied with these superior nutrients, it can easily target and overcome the ever-incoming micro-invaders, and then return to equilibrium, continuing its faithful vigilance and protection of the body. **Oncaplex™** contains a wide host of many proven Super Star nutrients for superb immune system support and detoxification.\*

## Key Ingredients

### Resveratrol

- Anti-aging and long life: Resveratrol has been proven to activate the "longevity gene" to help extend maximum lifespan; one study showed an incredible 60-80% increased lifespan in yeast cells\*
- Reversing DNA mistakes: Resveratrol can reduce the amount of DNA mistakes during cell replication by an **unprecedented 60%**, thus promoting more efficient cellular repair and significantly prolonging cell life\*
- Serious immune support: Resveratrol has a wide range of immune-boosting properties; it does not damage healthy cells, but protects them while deactivating undesirable cells by controlling acetylation/deacetylation reactions\*
- Superior antioxidant protection: Resveratrol can quench dangerous free radicals, activate or deactivate (as needed) critical enzymes, genes and hormones\*
- Optimal brain and artery support: Resveratrol promotes healthier blood vessels and protects brain tissue against oxidative stress\*
- Enzyme protection: When resveratrol is in the blood stream, it has been shown to regulate specific cellular enzymes\*
- Nitric Oxide: Resveratrol has been shown to significantly increase

nitric oxide, thus helping to improve blood flow and male sexual performance\*

- Protection against toxicity: Resveratrol and its related polyphenols protect the cell's DNA while blocking toxic chemicals and radiation\*

### Cordyceps

- A proven life-enhancing tonic herb with the unique ability to benefit many body systems\*
- Helps stimulate the immune system, promotes healthy circulation, blood pressure already within the normal range, lung capacity, increased energy, vitality and longevity; it contains strong anti-aging power and is a well known antioxidant\*
- Helps fortify the kidney channel, which is responsible for the body's core energy levels, as well as sexual energy, physical endurance and energy\*
- Can be used safely and over a long period of time with many benefits to overall body physiology; many rank cordyceps as powerful and important as the medicinal mushroom, reishi\*

## Modified Citrus Pectin (MCP)

- A complex polysaccharide (long-chain carbohydrate) obtained from the peel of citrus, valued for its galactosyl component
- Galactosyl is known for its ability to interfere with the binding properties of undesirable cell-surface proteins called galectins; this prevents catastrophic cells from adhering to each other or to the inner wall of blood vessels\*
- These unique galactosyl components help optimize immune function and maintain optimal health\*
- Ordinary pectin is not absorbed into the bloodstream because of its long molecular chain; a special manufacturing process of MCP creates shorter molecular chains, allowing superior absorption and utilization of its crucial polysaccharide compounds
- MCP promotes healthy normal blood lipid levels\*
- MCP assists in the detoxification of toxic elements via the bloodstream.

## DIM (Diindolylmethane)

- A special phytonutrient produced in the body from indole-3-carbinol (I3C) that occurs naturally in cruciferous vegetables (such as broccoli, cabbage, cauliflower, etc.)
- Clinically promising effects for hormonal imbalances, heart, breast, prostate and uterine health\*
- Promotes healthy estrogen metabolism, thus helping to improve symptoms of menopause and PMS\*
- Proven to help shift the ratio of estrogen metabolites in favor of the more protective “good” estrogens (2-hydroxy metabolites)\*
- Helps stimulate progesterone production while helping to reduce the conversion of testosterone to estrogen\*

## Certified Organic Natto Complex with Nattokinase Enzymes

- Natto is a traditional Japanese Super Food made by fermenting non-genetically modified soybeans with Natto Bacillus; widely known as an ancient health food\*
- Rich in pre-digested protein and natural-source B vitamins for superior intestinal health\*

- Contains linoleic acid (an essential fat), arginine (an immune booster) and natural vitamin E (a powerful anti-aging vitamin)\*
- Natural nattokinase enzymes promote healthy arteries and circulation by their effects on serine protease-mediated digestion of fibrin\*
- Supports fibrinolytic activity and heart health.\*

## Grade A Green Tea Extract (Non-irradiated)

- The Super Anti-Aging Nutrient. Contains large amounts of potent antioxidants called polyphenols, including catechins (notably EGCG) as well as natural-source vitamins and minerals, including natural vitamin C. These key antioxidants fight against free radicals, including radiation, protect your cells' DNA and helps prevent AGEs (Advanced Glycation End-Products)\*
- Promotes healthy immune system function, blood pressure already within the normal range, blood sugar, blood lipids and fat levels\*
- Proven support for liver, prostate, intestines, lungs, joint function and flexibility\*

## Grade 10 Indian Bala (*Sida cordifolia*); also called Country Mallow

- A premier rejuvenating herb: Used extensively by Ayurvedic physicians for the nervous, circulatory, urinary and reproductive systems\*
- Famous for imparting stamina or inner strength by its effects on the central nervous system; also helps build general immunity (the word “Bala” can be translated as “immunity” or “strength”); considered to be an excellent “rasayana” (an overall tonic and longevity enhancer)\*
- Promotes healthy hormone levels, especially testosterone; helps boost libido\*
- A proven tonic for the lungs which promotes healthy bronchio-dilation; it contains vasicinone, vasicine, and vasicinol\*
- Bala contains five of the six tastes in ayurveda, a very rare property indicating that it provides nourishment of all aspects of innate intelligence (known as the five Mahabhutas in Ayurveda)\*

## Complete with Premier Immune-Boosting Synergists

- Grade 10 Indian Turmeric: Quantum-State, DNA rejuvenation and liver cleanser\*
- Quercetin: A unique bioflavonoid with key antioxidant, immune-stimulating properties\*
- Grade 10 Indian Noni: Premier rejuvenator of brain, digestion, intestines and liver\*
- European Hyssop: A traditionally used herb for lungs, intestines and immune support\*
- Quinoa Sprout Concentrate: Ancient grain of the Incas known for building strength and endurance; rich in protein, B vitamins, iron, fiber, calcium, amino acids
- Highly Purified Plant Enzymes: 8 plant-based enzymes to support proper digestion to enhance health, increase energy levels and promote longevity (digestive support is crucial in all health concerns)\*
- European Broccoli Concentrate: Rich in natural vitamins A and C and isothiocyanates, special phytochemicals shown to stimulate the body's production of immune-stimulating substances, called “phase two enzymes” (which are able to neutralize special chemicals)

## Complementary Products

### Super Food Trio

Three product kit. The comprehensive, quantum-state vitamin and mineral nutrient system, all from once-living, natural sources (*no synthetics*) which contain a “body of light”. Recommended for daily use for every adult and child - and pets, too. Contains ample amounts of every nutrient essential for life and optimal health; clinically tested and proven.\*

### Quantum-Rx Colostrum (60 capsules)

Pesticide-Free, Min. 21% IgG Whole Colostrum  
*Broad Spectrum Immune, Nerve, Strength and Whole Body Support\**

- 100% whole colostrum (pesticide-free) from healthy cows
- *Not defatted (which compromises its intracellular transport)*
- Broad-spectrum, full-body immune system support\*

### Oncaplex™ -- Ingredients (500 mg/Vcap, 120 Vcaps/bottle)

Dietary Supplement

Proprietary, Quantum-State Formula: Premier Quality, Grade A Japanese Green Tea Extract (leaf) (90%) (*Camilla sinensis*), Modified Citrus Pectin, Chinese Cordyceps Sinensis (*whole and fermented extract*), DIM (Diindolylmethane), Certified Organic Natto Complex, Nattokinase Enzymes (soy-derived), Resveratrol (10mg) (*derived from Giant Knot Weed*), Grade 10 Indian Bala Extract (root) (*Sida cordifolia*), European Broccoli Concentrate, Quercetin, Grade 10 Indian Turmeric (rhizome) (*Curcuma longa*), Grade 10 Indian Noni (fruit) (*Morinda citrifolia*), European Hyssop (herb) (*Hyssopus off.*), Quinoa Sprout Concentrate, Nano-Zyme Complex (Highly Purified Plant Enzymes, including Protease, Lipase, Amylase, Cellulase, Invertase, Lactase, Maltase, Sucrase)

**Recommended Use:** Adults or Children (age 4 & up): Take 2 Vcaps at breakfast, 2 Vcaps at dinner. For special programs, up to 12 servings may be taken daily.
