

## Photon Genie vs. GoGenie (Wellness Energy Tools)

### Your Wellness Depends On Light!

*“We are still on the threshold of fully understanding the complex relationship between light and life, but we can now say emphatically, that the function of our entire metabolism is dependent on light.”*

- Dr. Fritz-Albert Popp

**“Necessity is the mother of invention” applies to the new GoGenie:**

Photon Genie users asked for a lighter, smaller version of the Photon Genie to use for travel.

**Voilà!....and now we have the GoGenie which weighs two pounds and is easy for portability and travel.**

#### **Photon Genie Has 4 Attachments:**

The Photon Genie has four attachments:

- 2 glass wands (noble gases), and
- 2 energy transmitter boxes

All four attachments are placed on the body.

These attachments send **harmonic energy to support the body's innate healing abilities.**

This energy stimulates a moving and balancing effect. This translates to broad spectrum benefits.

#### **GoGenie Has 2 Attachments:**

**The GoGenie has two energy transmitter boxes like the Photon Genie and excludes the two glass wands.**

The new GoGenie is more light-weight than the Photon Genie. This offers an easy and compact option for travel.

**The GoGenie weighs approximately two pounds.**

This makes it easy to pack in luggage or a purse for airplane travel, either carry on or checked. (Note, the Photon Genie weighs around 14 pounds in the travel case.)

The smaller size and weight of the GoGenie makes it easy to use in the car. You can place the two energy boxes on you while you drive.

**This energy support makes long-distance and/or stressful driving and travel more relaxing.**

### **Energy Transmitters for Both the Photon Genie & GoGenie (Harmonic Energy)**

The energy transmitters send harmonic energy to the body.

The moving and balancing effects from the energy stimulate the body's healing abilities for repair and renewal.

Many report improvements with their energy and sleep quality plus many other broad spectrum wellness benefits.

For the energy transmitter boxes, the green lights on each "pack" indicate power, and as long as they are on with either solid or flickering lights then they are working properly.

It is normal for each pack's light to be different with the lights solid and/or flickering at different times.

### **Photon Genie Two Noble-Gas Glass Wands (Makes Ozone):**

The Photon Genie includes two glass wands which are placed on the body.

**The Photon Genie wands make ozone where they are placed on the body.**

They must both touch bare skin on the same body, and the more skin contact the better.

This ozone production supports the body's natural healing ability in many ways.

### **Unlimited Healing Potential (Dr. Fritz-Albert Popp):**

**Physicist has proved that coherent and harmonic energy in the body unleashes unlimited healing potential.**

When quantum coherence is restored to the biofield (energy field), the healing power of the body is now known to be literally limitless. **This dwarfs the benefits of any mere biochemical manipulation.**

## **ABOUT ED SKILLING (Founder & Inventor)**

Ed Skilling has a 50+ year history of "result-oriented" technologies.

In 1959 he was hired by California cancer doctors to evaluate a \$30,000 Rife instrument.

With the application of solid-state, "space-age" electronics he advanced this technology.

He is credited for "re-inventing" Rife and other "frequency" instruments.

**Ed was the Senior Electronics Design Engineer for General Dynamics for 17 years.**

He supervised 1,000 of the brightest electronics engineers in the world.

Ed Skilling's Quote:

*"The only known 'cure' for anything is your own God given immune system. All I did is figure out how to communicate with it and power it up."*
