Photon Genie – Pain

“I purchased the Photon Genie for my sciatica, which was so severe I had to crawl to the bathroom in the mornings. Now, 2 months later, I am walking normally, and I am pain free!”

Photon Genie – Arthritis

“I love my new Photon Genie and have been using it every day. I notice feeling better overall and my energy has noticeably increased. My husband started using it too. He is a musician and had a lot of arthritis in his hands. He is using the Wands in his hands for 10 minutes a day and his pain has drastically improved in just 2 weeks!”

Pain Relief / Menstrual Cramps Alleviated

“She just started getting Super Sauna sessions and noticed after her first session her back and neck pain noticeably disappeared.

And she reported one of her friends had a bad cold prior to one of her Super Sauna sessions and within a couple days her cold and her cough were gone. They are enjoying the sessions, and spreading the word.

She has also been using her Photon Genie for six years and shared that it has noticeably helped her, and also has helped with monthly menstrual cramps.”

Cysts Shrunken; Pain Relief; Back to Work

Customer shared her personal experiences after using the new Upgraded Photon Genie for 30 days:

She's been dealing with several cysts for the past 10 years. A couple of the cysts are in her stomach and intestinal tract areas.

Every time she eats for the past several years it would be very painful.

Recently she wasn't thinking too much about it but she ate and suddenly realized she wasn't suffering from any pain.

The cysts have noticeably shrunken. She's also been able to better manage her fibromyalgia.

She said everything is balancing out. She's even been able to go back to work. And these experiences are within just the first month of using her Photon Genie.”

Pain Relieved & New Hope

A Woman has been doing Super Sauna Sessions at an office that requires her to travel 90 miles away; because of this, she doesn't go very often:

She reports: “The Super Sauna sessions have helped immensely with pain management in my joints and knees.

With just one session, I don't have pain for 10 days.

The Photon Genius Super Sauna sessions are a miracle and have given me hope to help with my pain.”

Pain disappeared from surgery site after first session; Improved energy and pain relief:

“I use the Photon Genius 2-3 times a week and I have noticed many improvements in my physiology that include reducing neuropathy in my feet, thighs, and hands. Overall, my level of energy has improved so much with the Genius, supplements, and other alternative protocols. I'm fighting this diagnosis with everything I can use. But, just so you know, the first time I used the Genius all the pain disappeared where part of my lung and 1/2 my diaphragm was previously removed. I was astounded as I'm sure you can imagine.” - B.H.

Photon Genius: Cancer, Pain Relief, Reduce Pain Meds, Arthritis Relief

This video shares examples of the Photon-Genius and significant pain relief for arthritis and pain relief for cancer.

In this video, Lori Phillips, a Registered Nurse (RN) shares about the Photon-Genius. Lori has over thirty years of experience and has worked with many cancer patients. She now offers Photon-Genius sessions as an effective alternative therapy in order to offer more than treating symptoms.

The Photon-Genius energy sauna combines hyperthermia or heat therapy (more infrared energy than any sauna in the world) and energy medicine (Ed Skilling electro-medicine).

Lori shares that she has all ages for Photon-Genius sessions. She has a little eight year old girl with neck and face cancer that really liked it. Lori shared it as a "space ship with lights."

In addition, Lori discovers from the little girl's father that he is dealing with early onset of arthritis when he calls the next morning after holding his little girl in the Photon-Genius and reports that he is able to do things without pain that he normally is unable to do. He experiences significant pain relief.

Lori also shares about a cancer patient (breast cancer) that requires pain medication in an IV every two hours. After just a few Photon-Genius sessions, she is able to reduce the pain medication in her IV and is able to walk by herself. After five Photon-Genius sessions, she is completely off the pain medication and experiences significant pain relief.

Photon Genius Relieves Endometriosis & Pain; Aids in getting off Pain Meds

“At the age of 21 I was diagnosed with Endometriosis. Endometriosis is very painful and I went through three surgeries. I was on pain medications on and off for 12 years. When I first heard about the Photon Genius I was very skeptical about trying it out. Once I learned about all the wonderful things It can do for your body I finally tried my first session.

After I did my first session which was 30 minutes I felt amazing. I felt so alert and so awake and was ready for the day. And the best part about it is that I knew I was burning a lot of calories because of all the sweating I had experienced.

A little bit of time went on and I decided that I did not want any more pain medications and I knew that the Photon Genius would help get rid of the pain and detox me off my medications at the same time.

After about 10 sessions my Endometriosis pain was completely gone and I detoxed off my pain medications in only two days. And since then I am now using the Photon Genius for three months and I’ve also lost 5 pounds.

The Photon Genius is the best thing that has ever happened to me!”

Photon Genius – Pain, Neuropathy, Recovery from Surgery

Pain disappeared from surgery site after first session; Improved energy and pain relief:

"I use the Photon Genius 2-3 times a week and I have noticed many improvements in my physiology that include reducing neuropathy in my feet, thighs, and hands. Overall, my level of energy has improved so much with the Genius, supplements, and other alternative protocols. I'm fighting this diagnosis with everything I can use. I was astounded as I'm sure you can imagine." - B.H.

Photon Genius – Surgery Averted; Improved Strength & Energy: Able to Dance Again, Pain Free; and Gentleman Averts Surgery on Neck/Shoulder; Dot is Ball Room Dancing Again!

From D.S.: "Nine years ago I broke both the major bones in my left leg falling from a ladder. I spent an unconscious week in the hospital after 8 hours of surgery, then 10 days in a medical rehab....and more months of continued rehab. Afterwards I had to hop on my right leg for 3 months. Needless to say, it has caused me numerous "bouts" with extreme pain and other related health issues in those years. Walking any distance or for very long just doesn't work.

WELL, last night I went ballroom dancing for 3 hours (which is a miracle in itself), and when I got home, I wondered if I'd have the usual pains and leg cramps, and always pain in the morning. NO! I'm amazed! If I didn't believe in the Photon- Genius before (and I did) I surely do now!

Other folks have also told me after using the Photon-Genius they breathe so much better, pain from arthritis is gone, internal workings change for the better, they are energized (pains and symptoms melt, and the relaxation is wonderful).

It is fun to see what continues to happen. Thanks, D.S."
