1. Quality of Life Improvement

"In the past couple months, I have become acquainted with the Photon Genius Super Sauna and Photon Genie. About 4 months ago, my partner was diagnosed with Stage 4 Lymphoma, which had taken over her bone marrow and she was not expected to survive. I began to research everything I could about cancer and that's how I discovered your products.

As of this past week, her situation has taken a huge turn for the better. For the first time, the hemoglobin count in her blood test went up. Prior, she was needing a transfusion every 3 weeks. Her energy is staying good for the entire day and she's almost back to her old self. I am convinced that the Photon products played a big part in this.....

So first off, my extreme gratitude to you for making these available. I can see this is one of the most advanced wellness products on the planet."

2. Improved Strength, Quality of Life

"Her husband has been confined to a wheel chair for over a year, and had a brain tumor, did chemo & radiation that did not help. Within 2 weeks of using the Photon Genie he was able to stand and balance himself for short periods. Within 2-3 weeks he was able to walk to the bathroom, within 4 weeks he started doing a few squats. He has been using the Photon Genie every day for 5 weeks and can now do over 100 squats! He had been experiencing double vision, now his eyesight is "noticeably" improving. They have several friends who are asking what happened and what he is doing."

Her mom had been given a few weeks to live and ended up living 18 months longer pain free. - "Great news - after two months on the Photon Genie, my lemon sized lymphatic tumor which was growing in size, is now completely eradicated and I am cancer free. My hematologist was stunned with my Pet Scan last week and stated he has never seen anything like this. So my Marginal Zone B-Cell Lymphoma is gone thanks to the Photon Genie."
- **"Ten days ago I developed an infection on my hand that occurred at the site of a little nick in my skin. The wound did not heal properly. When infection initially became obvious the size of the wound structure and inflammation began to develop at an alarming rate, increasing in size by about 50% daily.**

At the first indication of infection I employed the Photon Genie tubes at the infected area and ran it about 30-45 minutes three times daily. There was a 3 day over-the-weekend delay in getting in to see my doctor during which period the infection site tripled in size.

During this period I used the Genie aggressively as described. The doc lanced the wound and was surprised to find no discharge or puss. Two days following I received a phone call from the doc's office telling me the lab results confirmed an aggressive staph infection.

They advised I begin an aggressive course of oral antibiotics. "No need", I explained, "the wound site has already healed, all the dead skin had by then sloughed off the infected site, and pink healthy skin was visible throughout the wound site. The doctor was very surprised, to say the least. It's obvious to me the Genie created a local environment conducive to my immune system quickly resolving the problem. Thanks for the great product!"

- **"I just wanted to thank you, I am doing so much better. I sleep all night now since using the Genie. The nodules on my prostate are almost undetectable.....this Photon Genie really works! Also my wife is using the Genie and worms and all kinds of plaque is coming out with her bowel movements. Again, thank you and please tell Warren thank you."**
- She shared that the Photon Genie is really helping her daughter immensely who had been bed ridden with Lyme. She said her daughter is now able to get out of bed every day, she is able to talk and walk, she can do things to take care of herself, take a shower and do other things. The Photon Genie is also helping her with the pain."
- **"We purchased a Photon Genie for our son dealing with diabetes. He went to his doctor for a checkup and his doctor was stopped in his tracks. He could not find any markers in his blood; in fact his number fell from 9.7 to 6.1 in one month!"**
- "I love my new Photon Genie and have been using it every day. I notice feeling better overall and my energy has noticeably increased. My husband started using it too. He is a musician and had a lot of arthritis in his hands. He is using the Wands in his hands for 10 minutes a day and his pain has drastically improved in just 2 weeks!"
